PRESS RELEASE

New Delivery and Format Options Available for the SpaceMed Guide

A Planning Tool to Help Healthcare Providers, Planners, and Architects Develop the Functional Program and the Room-by-Room Space Requirements Necessary to Begin the Design Process

ANN ARBOR, Mich., January 1, 2018 — The *SpaceMed Guide: A Space Planning Guide for Healthcare Facilities* has new delivery and format options. This popular step-by-step space planning guide, written by Cynthia Hayward, provides state-of-the-art planning methodologies, industry benchmarks, and planning tips derived from decades of consulting to healthcare organizations throughout North America. Customers can get the classic spiral-bound workbook (Hard Copy) or download a Stamped PDF. The Space Planning Templates are formatted in Microsoft® Excel and can be delivered on a CD-ROM or can be downloaded. The *SpaceMed Guide* was first published in 2004 followed by the second edition in 2006 and the third edition in 2015.

New delivery and format options include:

- **Digital Edition for \$495 USD.** With the new Digital Edition of the SpaceMed Guide, customers can download the workbook (Stamped PDF) and Space Planning Templates (Microsoft® Excel) immediately upon purchase.
- **Digital + Hard Copy for \$695 USD.** Customers can purchase the classic spiral-bound desk reference in print plus get the electronic version for a combined savings. They will get immediate access to the workbook (Stamped PDF) and Space Planning Templates (Microsoft Excel®) — as with the Digital Edition — and also receive a Hard Copy of the classic spiral-bound workbook.
- **Hard Copy for \$495 USD.** Customers can continue to purchase the classic spiral-bound workbook (Hard Copy) and get the Space Planning Templates (Microsoft Excel®) on a CD-ROM.

Purchasers are granted a single-user license which allows access on up to three personal devices and can also print one copy of the Stamped PDF for their personal use.
